Every section of New Mexico reports good soaking rains this month and as fine crop conditions as one could ask.

The Town of Estancia in the Estancia Valley, Torrance county, is trying to rid the section of jack rabbits. Citizens there have made five or six drives during the last two weeks and have killed several hundred.

The board of control of the New Mexico irrigation company has mailed out invitations to all parts of the territory inviting the people to join them in a celebration on the days of July 3, 4, and 5. The occasion is the completion of the Carlisbad irrigation dam.

The weather has been warm this week, the thermometer standing a day or two above 90 degrees. The crops are growing good under this condition, and the corn countries back in the Mississippi Valley are promising no more than Quay county if our seasons continue through the month of July. Our rainy season never begins later than July, so the crop is almost a certainty.

Plans are under consideration to add \$500,000 in improvements to the agricultural college at Mesilla. This is an institution worth much to New Mexico, and everybody will be glad to learn of the contemplated increase in its efficiency.

The fact that Supt. Telford of the Territorial penitentiary, abandoned the spanking machine does not necessarily carry that he is not, or has not been grossly inhuman and brutal in his treatment of convicts.

Hon. H. O. Bursum seems to have added some strength to the opinion of his enemies that his administration of the Territorial penitentiary was regular and capable. General George W. Prichard is digging into the matter so deep and so thoroughly that the enemy is beginning to hedge a little. Bursum's persecution is now looked upon more as a conspiracy than an investigation.

Tucumcari, the county seat of Quay County, is evidently growing in space, judging by the appearance of its principal paper, the Tucumcari News and Times. On May 25th last this paper published a splendidly illustrated special edition on book paper consisting of 28 pages and 35 illustrations. Its regular issue of last week contained 22 pages of four columns each replete with interesting news including Quay County and local happenings. The News and Times is to be congratulated upon being published in a live, growing and energetic community and the people there are also subject to congratulations for having such a fine paper in their city and county. —New Mexican.

W. A. Askew has gone to Amarillo for three weeks.

The News has received many complimentary notices from the press of New Mexico about our special edition of May 25th, all of which we appreciate to the fullest extent. We are making an honest effort to correctly advertise north-east New Mexico and have put considerable money and a great deal of hard labor into it. It has always been the purpose of the News to tell the story as we find it, so that when the prospective homeseeker comes to look for himself, he will find the country as we represent it. The many complimentary comments we have had from our exchanges will add greatly to the influence of the edition some 2,000 of which have already been circulated.

N. E. Stephens, grand secretary of the I. O. O. F. of New Mexico, has been here several days and has instituted a lodge at Moore, nine miles south of this city. The charter membership numbered about twenty and the lodge is starting out with bright prospects. He will organize at Tucumcari a month later and has requested this paper to ask every Odd Fellow in Quay county to hand his name to C. J. K. Moore, firm of Drs. Herring & Moore, or to the Editor of the News and be ready to become charter members of the Order at this place. There has been great need of an Odd Fellows lodge in this city for two or three years and now here is a chance for one immediately, so Odd Fellows, do not neglect to hand in your names as directed during the next ten days.

You can feast at Gross, Kelly & Co's July clearance sale on the richest values that ever tickled the palate of a genuine bargain hunter.

### A Subscriber Compliments Our Special Edition

Editor Tucumcari News,  
My Dear Sir;

Your "Special Edition" came to me from home, and I was so much impressed with the nicety and splendid arrangement of illustrations, I could not resist the feeling to express myself in the matter, feeling sure that with such enterprising citizens as are now in Tucumcari it will not be far distant until the most sanguine expectations of a greater Tucumcari will be realized. I have been in this beautiful "Golden State" some time doing some Post Graduate work. If nothing happens, I hope to be in your little city about the 15th of July, where I anticipate building a nice residence on my lots near school house and move my family in the near future. With kindest regards, I am Respt. J. E. Manney, M. D.

### Cecil—Baker Wedding.

Last Saturday morning at the court house Miss Bessie Baker and Walter Cecil both of Quay, were united in marriage, Judge R. L. Patterson performing the ceremony. These young people belong to prominent families of that community and this paper wishes them success and happiness.

### Gallegos Battles A Rattler.

Last week Hon. N. V. Gallegos, our representative, had an experience with a mad rattler that made the perspiration to pop out on his forehead. He was after his buggy animal in the pasture and stepped on the snake before seeing it. The rattler rattled and made two quick strokes at short intervals, sinking his fangs into the trouser leg of Gallegos each time. It was some time before he could gather himself together sufficiently to get away from the snake and muster the energy to get a rock and kill it. The rattler tore his hold from the trousers at each bite.

Everybody seems to want Highland Park Addition lots. They continue to sell every day.

Mrs. G. L. LaMar and daughter returned last week from Illinois where the daughter had been attending school the past year.

The Tucumcari Telephone system is getting out a new directory which shows a large increase of phones since the first of the year.

Geo. A. Butler of Revuelto, was in the city Monday for farm supplies; he says crops of every kind are growing well in that section of the country.

H. W. Cutshall, general foreman of the El Paso and Southwestern Telegraph System, and J. W. Grasse, Lineman, came in last Saturday and have gone to work for the Southwestern at this place.

Roy Littrell, son of sheriff Littrell, of Raton, and Jesse Pate of the same city, both of them under sheriffs, were in town several days last week.

E. W. Cline, right of way agent for the Rock Island Hutchison, Kan., and Attorney Faulkner, with the same company at Topeka, were here Monday in the interest of their company.

W. R. Wise who was foreman of the herd of Wayne and Hamilton who drove 885 head of steers to Kent Okla., returned home Thursday. He had a rough trip coming home, it rained nearly every day.

W. H. Hicks, father of Mrs. S. M. Wharton, returned from Lincoln county Sunday morning and visited here several days before returning home to Zephyr, Texas. He is very much pleased with Quay county.

J. D. Lovelady of Santa Rosa, a roundhouse employee there, spent Monday in the city and bought more real estate. He bought several lots in McGee Addition while here last January and has been offered three times as much money as he paid for them. He is holding over, however, and buying more.
